2022-03-13 -- Lab Exercise as discussed in class.
We have drawn only one class.
Expand the notepad findings and Complete the class diagram using lucidchart

User
userid: int   {unique, final} # name: fieldtype {final} # dob: fieldtype {final} # bg: fieldtype {final} # gender: fieldtype {final} # nid: fieldtype {unique, final} # password: String # <u>loggedInUserCount</u>=0;
+ *setUserInfo*(Object userInputs):boolean + login(int, String): boolean {final} + operation3()
